RE: Mandatory Face Mask Protocol Rescinded

In deference to Executive Order GA 36 issued May 18, 2021 by Governor Abbott, Coastal Bend College will no longer require the mandatory wearing of masks while on CBC property or in CBC Buildings. It will remain a highly recommended practice that masks continue to be worn in buildings and classrooms located at any CBC instructional site. This does not change any requirements imposed in clinical settings, where masking may still be required by the management of the clinical site.

Effective Thursday, May 20, 2021, Coastal Bend College will no longer require face mask coverings.
